Audit

C7group is a management consulting company. We help organizations better engage, communicate and collaborate with customers and employees.

**The digital landscape is confusing.
New tools and technology are appearing daily.**

Are you maximizing your opportunities using social technology? Your website, blog, online marketing tools and social platforms can become tangled in the web. Level-set and formulate your next steps with our help answering these questions:

- ✓ What are your business goals? How can tools and technology help?
- ✓ What are your digital assets and how are they working together?
- ✓ What are your digital business strengths, weaknesses, opportunities and threats (SWOT)?
- ✓ How do competitive and best practices compare with yours?

A comprehensive, integrated digital strategy and the right tools are today's competitive advantage. A C7group Digital Audit is an affordable way to provide the analysis and insights needed to formulate an effective digital plan.
